

# New North Western Toronto Ontario Health Team to Provide Better Connected Care for Patients

Ontario Health Teams, part of Province's Plan to End Hallway Health Care

December 4, 2019

Robin Martin, Parliamentary Assistant to the Minister of Health, was at Black Creek Community Health Centre on behalf of Christine Elliott, Deputy Premier and Minister of Health, to announce the North Western Toronto Ontario Health Team as one of the first 24 teams in the province to implement a new model of organizing and delivering health care that better connects patients and providers in their communities to improve patient outcomes.

Villa Colombo Toronto is excited to be one of the thirteen partner organizations that make up the newly formed North Western Toronto Ontario Health Team (NWT OHT).

Through an Ontario Health Team, patients will experience easier transitions from one provider to another, including, for example, between hospitals and home care providers, with one patient story, one patient record and one care plan.
